Technical Details of how the planetary patterns are determined: Each interpretation is based on a 3-planet pattern. The 3 planets are forming a midpoint structure where a planet forms one of the following aspects to the midpoint of 2 other planets: conjunct or opposition with 2 degree orb, square with 1 1/2 degree orb, semisquare or sesquiquadrate with a 1 degree orb, or 1/16, 3/16, 5/16, or 7/16 with a 30 minute orb. Also, the 3 planets are aspected to each other in the same harmonic. The harmonics analyzed are 1 through 64 and any doubling of these numbers, such as 120 which is a double of 60, up to 180. The total number of harmonics analyzed is 108. In the harmonic chart all 3 aspects are within a 12 degree orb. Also, any midpoint structure involving a conjunction or opposition aspect within a 1 1/2 degree orb, even if a harmonic triangle is not involved, is interpreted.

Given below is a brief interpretation of your birth chart. The major themes in your life are described. The themes are presented approximately in the order in which they are a priority in your life. In other words, the themes which are most important are, in general, described near the beginning of the report, and the less important themes are described towards the end of the report.

Each astrological influence described in this report is a resource available to you. It is up to you to express these energy patterns in the best possible way. It is possible to repress, block, or try to avoid issues, or to fight yourself; hopefully this report will help clarify issues in your life, and encourage you to master your life rather than be a victim of circumstances.

Mercury Conjunct Sun/Neptune 0 deg 11 min

You are very intuitive and imaginative. While others often need scientific proof, you very often prefer to trust your intuition. You also have a good appreciation for poetry and literature. Any subject that is taught in a dry, formal, unimaginative manner bores you, and, as an adult, you may consider yourself very inept in various subject areas only because they were presented to you in a very dry manner when you were young. Sometimes your imagination and your inclination to create fantasies or fictional stories can make it difficult for you to concentrate on studies, disinclining you to throw yourself wholeheartedly into academics.

Saturn Opposition Mercury/Jupiter 0 deg 29 min

You have excellent organizational ability, and you have a well-rounded intelligence with aptitude in many areas. You are good at understanding general principles as well as technical details and this range of capabilities gives you the ability to make wise decisions. You are a very good student, and it is probably best for you to utilize this gift to further yourself.

Pluto Conjunct Venus/Uranus 0 deg 41 min

Your romantic and sexual energy is very strong. At times a relationship may survive based on sexual attraction, while mutual understanding, kindness, and love are not as easy to find. If this happens, it is best to not make long-term commitments until a more complete and satisfying relationship is clearly possible.

Sun Conjunct Mars/Jupiter 1 deg 30 min

It is likely that you will become successful in your career and in achieving many of your goals. You have an enterprising nature, and you are confident. You set very high goals and standards so it is unlikely that you will achieve everything you set out to do, but it is also likely that you will achieve many of them. One word of caution: sometimes you take on too much or do not plan carefully enough beforehand.

Mercury Conjunct Mars/Pluto 1 deg 02 min

Sometimes you become impatient and even belligerent with others if you feel that their ideas are poorly constructed or based on erroneous assumptions. You are shrewd and insightful but sometimes you are not as open to other points of view as you think you are.

Mercury Conjunct Mars/Uranus 1 deg 36 min

You can process information very quickly. You become impatient with classes that move too slowly, and you thrive when you can work at your own pace. Computer technology, electronics, or other demanding and fast-moving areas appeal to you. Your quick reflexes can assist you in athletics, various kinds of competitions, and any activity that requires speed and agility.

Saturn Opposition Moon/Neptune 1 deg 55 min

You have a deep sensitivity that others may be very unaware of. Some form of moral laws or religious principles are important for you to develop and discover, and without a good ethical and emotional foundation in your life, you may turn to alcohol or other forms of escape. You can be very self-sacrificing for a worthy cause.

Mars Opposition Saturn/Uranus 1 deg 34 min

You work intensely and sporadically. It is difficult for you to stay on a fixed schedule with a prescribed task. You prefer to work very hard at your own pace. Others usually get in your way. You become easily frustrated by the demands of others.

Sun-Venus-Pluto 94th Harmonic (94=47x2)

It is almost certain that you will fall madly in love at least once, and become obsessed with the other person. Your feelings run very deep and you pursue things with compulsive and obsessive attention. You may become fanatically involved in art or a humanitarian mission.

Moon-Mars-Jupiter 53rd Harmonic

You have creative talents that you may take for granted. You are a good team player and you can be a good leader. You know how to motivate others and get the job done. Your positive, constructive attitude helps bring you success in life.

Mars-Jupiter-Pluto 53rd Harmonic

You have big plans and the dynamic energy to manifest them. Sometimes you are almost obsessed with your big plans, and although family members and friends may tire of hearing about your plans, the single-minded focus on your goals is needed to achieve your goals. Be sure to research carefully before investing time, energy, and resources on a venture.
